

# Explorer

80 | 85 | 90 | 95 | 100

Build around your needs.

The Explorer range is the outcome of many years experience and customer feedback. The standard mechanical equipment - marked by simplicity, ease of maintenance and durability - make the Explorer a tractor capable of ensuring high productivity and excellent comfort. Efficient in transport, suitable for foraging, the Explorer stands out both in sowing as well as tillage, and is also perfect for smaller farms. Equipped with SDF 1000 Series 4 cylinder engines Tier2 for the 80, 90, 100 range and Tier1 for the 85, 95 range. Explorer models guarantee optimum performance and low running costs. A maximum rear lifting capacity of 4200 kg is offered on both 4WD and 2WD models.

Electronic engine management.
